**Sri Lanka Bureau of Foreign
Employment**

Registration of qualified public and private institutions to conduct a training program with the aim of improving the basic knowledge of the trainees before the practical examination of the Sri Lankan workers proposed to go abroad for employment in the Israel.

There are many job opportunities for Sri Lankan workers in Israel (Construction, Infrastructure Manufacturing, Renovation worker, Hotel worker & Restaurant). To ensure that workers are well-prepared for their roles, Tertiary and Vocational Education Commission accredited public and private institutions have been registered to provide technical knowledge and practical training. These programs are designed to enhance workers skills before they undertake the practical examination, ensuring they meet industry standards and employer expectation.

If you are interested in this, please send your application form to the following e-mail on or before 07.03.2025. The application form & syllabus for registration could be obtained from the website : **www.slbfe.lk**
